Note: T stands for Target and P stands for Performance. The target column lists the number of locomotives scheduled to be repaired during 1952. The performance column lists the number of locomotives repaired from 1 January to 30 November 1952.

1. Comment. As compared with the preceding month, the number of locomotives repaired in November increased by 56 units. 25X1
2. Comment. The tabulation supplements previous information. Except for damage category L0, the actual repair performance is far behind target figures. 25X1
